

DIARY NOTES

DD/S [REDACTED]

30 November 1959

25X1A

I devoted the day to negotiations with the Bureau of the Budget concerning our Fiscal Year 1961 Budget submission. On the whole I think that we came out very well, our request for regular operations being [REDACTED]. However, there is 25X1A an additional gimmick which will require us to [REDACTED] from 25X1A1a the Reserve in order to continue our [REDACTED] at the level now planned. (Ed Saunders is preparing a complete Memorandum for the Record on our meeting with the Bureau of the Budget representatives.)
